

**POLICY STATEMENT  
BODNER METAL & IRON CORPORATION  
HOUSTON, TX**

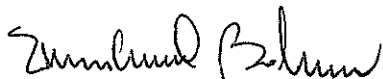

The nature of Bodner Metal & Iron Corporation's operations has a positive impact on the environment through the conservation of metals and other non-renewable resources. Consistent with these core operations, it is Bodner Metal & Iron Corporation's overall goal to accomplish its business objectives while striving for an injury-free workplace, minimizing pollution, and providing quality products to our customers.

Bodner Metal & Iron Corporation will:

- Develop and maintain quality, environmental, and health & safety programs that conform to the best management practices within the scrap recycling industry, including being committed to the ISRI Safety Pledge;
- Comply with all relevant environmental, health & safety laws and regulations, including federal, state, local and any other requirements;
- Provide our suppliers and customers with premier markets for scrap metals and materials while complying with all product and customer requirements and industry guidelines. We will produce a quality product and maximize production to achieve on-time requirements;
- Prevent workplace injuries by providing a safe environment for employees, contractors and visitors in our facility;
- Investigate any workplace accidents and promptly correct any unsafe condition or practices and provide comprehensive safety programs;
- Promote prevention of pollution in all our operations;
- Work with our suppliers, customers and contractors to fulfill our environmental, health & safety goals; and
- Continually improve our quality, environmental, and health & safety programs and resulting performance.

Bodner Metal & Iron Corporation recognizes that the responsibilities for quality, the environment, and health & safety are shared, requiring cooperation between all employees and management.

Bodner Metal & Iron Corporation will continually improve its QEH&S system and performance. This will include the setting of QEH&S goals, taking into consideration our QEH&S footprint and our business, financial, operational and legal requirements, as well as the views of interested parties.
